Aouatif is 170cm, size XS  
Tracker & Tracker Trousers in Lime Flash

### Ombre TECHNIQUE

The rainbow ombre effect is achieved by spraying the garment so the colours blend together on the surface. Each piece is done by hand.

### Aged Dip Dye TECHNIQUE

After stitching, the fabric-dyed garment is dipped in a colour bath, then finished with garment washing using rubber balls for an aged effect.

### Wave terry FABRIC

A loopback fabric, wave terry is knitted by alternating tight- and loose-tension yarns to give a wavy, textured surface. Also called seersucker.

### 100% recycled plain weave FABRIC

Densely woven with fine yarn, this recycled polyester fabric is both hard-wearing and soft to the touch, making it ideal for everyday use.

### 100% recycled twill satin FABRIC

This heavy-touch, recycled polyester fabric has a silky, smooth finish with a subtle sheen. Note that twill satin is not suitable for heat transfer printing.

### 100% recycled Taslan nylon FABRIC

Strong yet breathable, this woven, air-textured recycled nylon fabric has been engineered to look and feel like cotton and has a trendy, crinkled effect.

# Unisex

# Fabrics & materials

All the fabrics that Stanley/Stella uses are made from organic, sustainable or recycled materials to ensure that our environmental footprint is as gentle as possible – GOTS-certified organic cotton, Tencel® made from FSC/PEFC-certified wood pulp, GRS recycled cotton, and GRS recycled polyester.

While making this eco-conscious decision, we never compromise on comfort, style or functionality. Whatever the type of knit or weave – from smooth single jersey, durable piqué and cosy sweats, to plain weave and soft twill satin – we always choose our fabrics with the utmost care to ensure the best possible fit, feel and performance, as well as superior printability.

## Organic cotton

Natural, GMO-free fibre grown without any chemicals. Our cotton yarn is made of long staple fibres only, and is combed and ring spun. Soft, breathable, and easily printable.

## Recycled cotton

Made from pre-consumer waste, including our own cutting waste. Shorter fibres require blending with higher-quality fibres like recycled polyester for accessories and organic cotton for t-shirts.

## Recycled polyester

Made from recovered PET bottles to reduce plastic pollution. All components on our jackets are recycled polyester, easing end-of-life recyclability. Strong and durable.

## Tencel®

Made from wood pulp from FSC/PEFC forests. These fibres are blended with organic cotton to offer added coolness and a fluid drape.

# Fabrics

## Knitted fabrics

### Single jersey

The basic knit structure where the front side is smooth, while the back side is piled with loops.

### Slub single jersey

The same as single jersey, but with slub yarn, which gives the irregular appearance.

### Wave terry

A loopback fabric, wave terry (seersucker terry) is knitted using alternating yarn tension to give a wavy, textured surface.

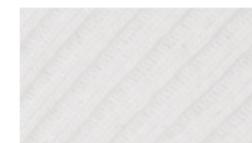

### French terry

The front side has a smooth jersey structure, while the back side has a distinct loop structure.

### Sherpa

The front side of the fabric has soft, sheepskin-like pile, giving a warm, cosy feel.

### 1x1 rib

Single alternating wales that look identical on both sides of the fabric and offer greater stretch.

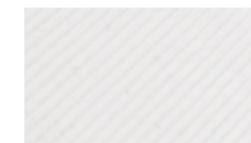

### Piqué

Knitted using tuck stitches to create a honeycomb-like geometric structure, commonly used for polo shirts.

### Brushed

Sweatshirt fabric is called 'brushed' when the inside loops of a French terry knit are carefully brushed, for a soft, warm feel.

### 2x2 rib

Double alternating wales that offer even more elasticity than 1x1 rib.

## Woven cotton fabrics

### Plain weave

The most common type of woven fabric, with yarn in a criss-cross pattern.

### Canvas

Highly durable plain weave, woven with threads of different sizes.

## Woven outerwear fabrics

### Plain weave

Densely woven fabric that is strong and highly durable. Finished with fluorine-free durable water repellent.

### Crinkled taslan

Air-textured woven fabric with a crinkled effect. Finished with fluorine-free durable water repellent.

### Twill satin

Fabric woven using a diagonal twill pattern, with a smooth surface. Finished with fluorine-free durable water repellent.
