

# Decoration

The freedom  
to uniquely  
express yourself

Stanley/Stella garments give you the ultimate freedom to express yourself and create customised garments that are 100% your own. From our choice of materials, thoughtful design, and clever placement of labels, to the refined processes that ensure an exceptional surface for printing and embroidery, we go to great lengths to ensure our garments can be easily decorated and rebranded.

↕→ A harmonious gradient of green Bosphorus shades on our RE-Creator recycled t-shirt in RE-White, achieved by Direct-to-Garment (DTG) printing of an OEKO-TEX® certified flock transfer, heat-pressed from above.

Creating community. Respecting the planet. Warm evenings of laughter and storytelling, and early morning sunrises at the stunning Lac d'Orédon in the French Pyrenees. The perfect backdrop for a collection infused with a spirit of adventure.

# Sunset Edition

## Effortless styles to keep you cool

Whatever your latitude or longitude, you're sure to find Stanley/Stella styles that let you create customised garments people will love to wear.

Our Sunset Edition is a curated collection that makes it even easier to choose styles that are ideal for warmer climates or seasons. Relaxed, flowing silhouettes in fresh colours or light, airy neutrals. Pieces that layer perfectly for transitioning between hot outdoor temperatures and cool indoor spaces.

So whether you need year-round lights, or summer staples, you'll be able to spot our sunset styles thanks to the new sun logo.

## T-shirts - Long sleeves

Meet the Creator, our iconic unisex t-shirt. Contemporary and sustainable, it's the perfect ambassador for our values. Crafted from 100% organic cotton, it's made to last and has Stanley/Stella's signature soft handfeel. A premium 180 gsm single jersey t-shirt, the Creator stands out for its classic proportions and great fit.

# Fabrics & materials

All the fabrics that Stanley/Stella uses are made from organic, sustainable or recycled materials to ensure that our environmental footprint is as gentle as possible – GOTS-certified organic cotton, Tencel® made from FSC/PEFC-certified wood pulp, GRS recycled cotton, and GRS recycled polyester.

While making this eco-conscious decision, we never compromise on comfort, style or functionality. Whatever the type of knit or weave – from smooth single jersey, durable piqué and cosy sweats, to plain weave and soft twill satin – we always choose our fabrics with the utmost care to ensure the best possible fit, feel and performance, as well as superior printability.

## Organic cotton

Natural, GMO-free fibre grown without any chemicals. Our cotton yarn is made of long staple fibres only, and is combed and ring spun. Soft, breathable, and easily printable.

## Recycled cotton

Made from pre-consumer waste, including our own cutting waste. Shorter fibres require blending with higher-quality fibres like recycled polyester for accessories and organic cotton for t-shirts.

## Recycled polyester

Made from recovered PET bottles to reduce plastic pollution. All components on our jackets are recycled polyester, easing end-of-life recyclability. Strong and durable.

## Tencel®

Made from wood pulp from FSC/PEFC forests. These fibres are blended with organic cotton to offer added coolness and a fluid drape.

# Fabrics

## Knitted fabrics

### Single jersey

The basic knit structure where the front side is smooth, while the back side is piled with loops.

### Wave terry

A loopback fabric, wave terry (seersucker terry) is knitted using alternating yarn tension to give a wavy, textured surface.

### Sherpa

The front side of the fabric has soft, sheepskin-like pile, giving a warm, cosy feel.

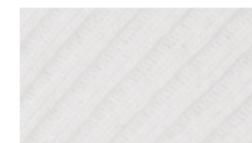

### Slub single jersey

The same as single jersey, but with slub yarn, which gives the irregular appearance.

### French terry

The front side has a smooth jersey structure, while the back side has a distinct loop structure.

### 1x1 rib

Single alternating wales that look identical on both sides of the fabric and offer greater stretch.

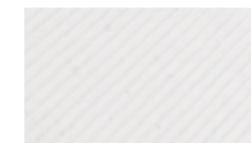

### Piqué

Knitted using tuck stitches to create a honeycomb-like geometric structure, commonly used for polo shirts.

### Brushed

Sweatshirt fabric is called 'brushed' when the inside loops of a French terry knit are carefully brushed, for a soft, warm feel.

### 2x2 rib

Double alternating wales that offer even more elasticity than 1x1 rib.

## Woven cotton fabrics

### Plain weave

The most common type of woven fabric, with yarn in a criss-cross pattern.

### Canvas

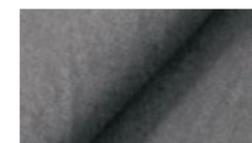

Highly durable plain weave, woven with threads of different sizes.

## Woven outerwear fabrics

### Plain weave

Densely woven fabric that is strong and highly durable. Finished with fluorine-free durable water repellent.

### Crinkled taslan

Air-textured woven fabric with a crinkled effect. Finished with fluorine-free durable water repellent.

### Twill satin

Fabric woven using a diagonal twill pattern, with a smooth surface. Finished with fluorine-free durable water repellent.

# Colours & dyeing techniques

Our garments are available in one of the widest ranges of colours on the market, offering you a truly amazing choice – from whites, solid colours and heathers, to our unique All over prints and creative garment dyeing techniques like vintage and aged, tie & dye and dip dye. The vast majority of our solid colours are fabric dyed, giving excellent shade consistency and printability. Heathers are knitted with yarn made from fibres

of two or more different colours, and we are one of the few brands offering heathers in 100% organic cotton. Our vintage items are garment dyed, followed by a garment wash to create a faded effect. Other special dyeing techniques like tie & dye or dip dye are all hand dyed for a unique look. Care labels on every garment provide clear instructions on how to keep garments looking great, wear after wear.

## Natural Raw

Untreated cotton, textured with tiny specks of the original cotton plant. Fabric finished with softener wash only.

## Solid

Fabric dyed, giving a uniform colour effect.

## Heather

Fibre dyed, mixing two or more different-coloured fibres, spun into a yarn.

## Denim

Yarn dyed and garment washed, where washing time determines the final shade.

## Vintage

Garment dyed using pigment dyes, with garment washing to give a faded effect. For aged colours, rubber balls are used during washing.

## Tie & Dye

Base colour is fabric dyed. After stitching, the garment is tied according to the pattern and hand dyed with one or more colours, then finished with garment washing.

## Aged Dip dye

After stitching, the fabric-dyed garment is dipped in a colour bath, then finished with garment washing using rubber balls for an aged effect.

## Ombre

The rainbow ombre effect is achieved by spraying the garment so the colours blend together on the surface. Each piece is done by hand.

## Splatter

Garment dyed using pigment dyes. During washing, small towels are used to give the whitish splattered effect.

## All Over Prints

Base colour is fabric dyed, and remaining colours of the AOP pattern are screen-printed on top of the base fabric.
