SS22 - 10/07 - 14:10

Ombre TECHNIQUE

The rainbow ombre effect is achieved by spraying the garment so the colours blend together on the surface. Each piece is done by hand.

Aged Dip Dye TECHNIQUE

After stitching, the fabric-dyed garment is dipped in a colour bath, then finished with garment washing using rubber balls for an aged effect.

Wave terry FABRIC

A loopback fabric, wave terry is knitted by alternating tight- and loose-tension yarns to give a wavy, textured surface. Also called seersucker.

100% recycled plain weave FABRIC

Densely woven with fine yarn, this recycled polyester fabric is both hard-wearing and soft to the touch, making it ideal for everyday use.

100% recycled twill satin FABRIC

This heavy-touch, recycled polyester fabric has a silky, smooth finish with a subtle sheen. Note that twill satin is not suitable for heat transfer printing.

100% recycled Taslan nylon FABRIC

Strong yet breathable, this woven, air-textured recycled nylon fabric has been engineered to look and feel like cotton and has a trendy, crinkled effect.
