**LOOKBOOK 2025
NEW COLLECTION**

As a sustainable clothing manufacturer, our values are based on ethics, respect for the environment, commitment and quality. Guided by strong ethics, each garment reflects our commitment to fair and transparent practices.

Respect for the environment is paramount; we choose eco-friendly materials and sustainable processes.

Our commitment to quality ensures garments that are long-lasting and timeless. Every step, from choosing fabrics to tailoring, reflects our commitment to a sustainable, high-quality approach.

With us, you acquire not only fashion, but also values rooted in ethical and environmental responsibility, ensuring a conscious and long-lasting style.

Our culture is born from listening to and getting to know our clients, and together with our team, made up of great professionals, we have created a community of people who trust in our proposals, which responds to responsible work with solid and firm values. These values have been distilled into the style, approach and proposition of this brand.

People

Our customers are our most important asset and are always at the centre of our decisions. We do our best to meet their current needs and anticipate future ones. Our goal is to exceed their expectations.

Innovation

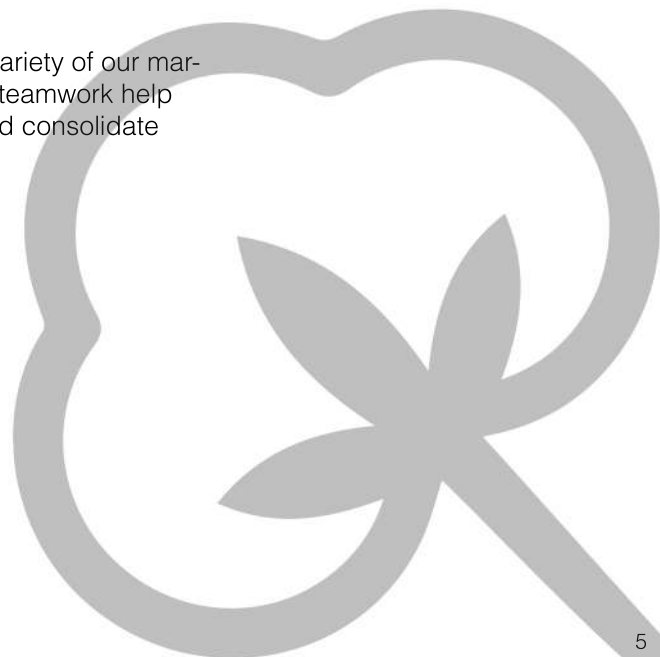

We all contribute to a common project. Promoting the generation of innovative, effective ideas and the implementation of transformative initiatives contributes to generating value for our clients, employees and suppliers and, ultimately, for society.

Excellence

We are passionate about fashion and our products. But we can improve and we are constantly working to achieve this. Our passion for our business and our attitude of constant improvement is reflected in what we do every day.

Quality

The diversity of our teams reflects the variety of our markets and customers. This diversity and teamwork help us better understand our customers and consolidate our long-term growth.

Founded in 1992, UNTEKS has been working with determination, providing its services and professionalism to the textile industry worldwide.

Over the years, it has incorporated new divisions in order to become a large vertical company and gradually expanding its portfolio of products and services, becoming one of the leading companies in the textile sector in Turkey and internationally.

Over these years, it has been awarded with countless national and international awards from the textile and fashion industry for its great contribution, excellence and professionalism.

It has several industrial facilities in Turkey totaling more than 250,000 m2 where 2,800 employees work.

The commitment to highly qualified personnel, state-of-the-art machinery and the implementation of internal quality systems have led UNTEKS GROUP to become suppliers of the most renowned textile companies worldwide and has all kinds of certificates for raw materials and processes, as well as being audited and approved to be able to work with all these major 'inter-

The sustainability of our factories and products has been a constant concern, which is why UNTEKS GROUP can boast of having a practically zero carbon footprint. Our factories have photovoltaic panels, wind energy, water and solid waste recycling systems.

100% Own production cycle

UNTEKS GROUP has absolute verticality throughout the textile production process, thus providing an exceptional level of quality and control.

Everything is created and processed in our own factories located in Turkey.

We control each step throughout the entire process, from cotton cultivation, through spinning, weaving, dyeing, design and pattern making, cutting and sewing, decorating the garments, to packaging and final distribution.

A team of 2,800 textile professionals, dedicated to providing their know-how and experience to always achieve the highest quality and excellence in our products.

Organic Reworks has more than 2,800 employees and 4 manufacturing plants in different countries.

Speed of response

Thanks to the vertical organization of UNTEKS GROUP, we can ensure a rapid service response with unrivaled delivery times and the best guarantees on the market.

With a monthly capacity of 2 million garments, UNTEKS GROUP counts among its clients leading companies in the fashion textile sector worldwide.

UNTEKS GROUP exports to more than 25 countries globally and has extensive logistics experience to provide fast and professional solutions in any country in the world.
