SPRING / SUMMER 2026

  
**Tenson**<sup>®</sup>  
EST. 1951

# Where our story meets the shoreline.

In 1951, on the windswept coast of Varberg in Sweden, Tenson was born. A small workshop, a handful of skilled hands, and a vision to create clothing that could stand up to the weather while moving effortlessly with the wearer. More than seven decades later, we returned to Varberg to photograph this season's new arrivals, reconnecting with the landscape that shaped our identity, the salt air, the shifting skies and the rugged coastline.

Throughout the years, Tenson garments have been tested in demanding conditions, from everyday adventures to the world's harshest expeditions. Today that spirit lives on in every piece we design. Our collections blend technical innovation with Scandinavian simplicity, where fabrics, function and form work together with clarity and purpose rather than excess or compromise.

From the city to the coast, from blue skies to passing storms, Tenson remains guided by the same purpose: to create durable, functional and timeless garments for life in motion. Our story continues, shaped by the elements that inspired us from the start and by everyone who chooses to explore in Tenson.

POWERED WITH POWER COMFORT™

## TXlite™ Midlayer Zip

The TXlite Midlayer zip with its stretchy and flexible Power-Comfort™ fabric sits comfortably under a jacket all day out in nature or be worn by itself if the weather allows it.

The zipper is equipped with a chin guard that prevents you from getting stuck when the zipper is pulled all the way up. To be able to easily take your belongings with you, it has two pockets on the front, both with zippers, where things can be stored without falling out. In addition to being used as a midlayer, it is perfect to wear by itself on cold spring days or late summer evenings out in.

# TXlite™ Midlayer Hoodie Zip

A really comfortable hoodie that can be worn as a sweater or as a light jacket. It's very stretchy and has articulated extended arms with thumb holes so you can wear it as a midlayer.

The hood and the hem are adjustable and the zip has a folded chin guard. If you want to wear it as a mid-layer the extended sleeves with thumb loops will prevent the arms from getting caught under your jacket. It also has two front zip pockets to make sure you don't lose your things. Wear it as a comfy hoodie or as a light jacket in town or during outdoor activities.

SPRING / SUMMER 2026

POWERED WITH MPC EXTREME™.

## Vision Parka

The Vision parka is a wind and waterproof winter jacket for men with a timeless minimalist design that will stand the test of time. The jacket comes insulated with AirPush Insulate™ that provides vapor management even when wet. Powered with taped seams and Tenson's proprietary MPC Extreme technology (WP 10.000mm / MP 10.000 g/m2/24h) which combines extremely effective waterproofing with exceptional breathability.

For extra ventilation you can open the two-way zip from the bottom to cool off. Both the cuffs and the hood are adjustable. There are two discreet breast pockets with zips, two regular pockets for storage and an inner pocket with a zip. The Vision MPC Extreme Jacket will serve you well both on cold winter days and in the rain. Comes with E-dye polyester lining and a PFC free water-repellent finish.

## Core Ski Pants

Core Ski Pants is a pair of flexible ski pants that can be adapted to every activity and occasion. Powered with Tenson's proprietary MPC Plus technology, taped seams and water-repellent zippers - making them wind and waterproof with a PFC-free, water-repellent surface.

Keep the braces on for intense skiing when everything has to stay perfectly in place or remove the braces for calmer days or other outdoor activities. The Core MPC Plus pants also have a variety of practical features to create a pair of ski pants that are both smart-looking and functional. An adjustable waist and pre-bent knees contribute to a better fit. Pockets come with fleece lining for extra comfort and an extra thigh pocket with a zip. For easy dressing, the trousers have zips at the ankles, which also have snow gaiters to keep it tight between the pants and ski boots. Taped seams, light padding and waterproof these ski pants will let you stay active all day long without feeling too warm.

Step 1: Used PET containers are cleaned and ground into pellets.  
 Step 2: The Pellets are spun into string-like fibers.  
 Step 3: The Fibers are woven into fabric and sewn together to make the final product.

#### SIZE

- 15x3x20cm

# Tenson Square Toilet Bag

Our Square toilet Bag has plenty of space for all the travel essentials you need when traveling. The unit opens up into a two-part organisation design, allowing you to keep everything neat and tidy.

INKL MOMS SEK 350

EXKL MOMS SEK 280

ART.NO. 465018511

999 BLACK

2 Layer.MPC Extreme™  
3 Layer.

**MPC Extreme X™** - our MPCTM level is our highest grade - combines extremely effective waterproof properties with exceptional breathing performance. Guaranteed waterproofness of at least 20.000mm.

MPC Plus™  
2 Layer.MPC Plus™  
3 Layer.MPC™  
2 Layer.MPC™  
3 Layer.

**MPC Plus™** combines very effective waterproof properties with effective breathability properties suitable for everyday, active outdoors lifestyles. Guaranteed waterproofness of at least 8.000mm.

**MPC™** combines effective waterproof properties with a good breathing performance, making Tenson garments featuring MPCTM suitable for everyday active lifestyles. Guaranteed waterproofness of at least 5.000mm.

Tenson  
AirPush™  
InsulateTenson  
AirPush™

**Tenson's AirPush™ Insulate** offers lightweight, voluminous insulation for cold-weather conditions. The featherless padding is designed to provide excellent breathability, moisture transport and movement making it ideal for the super-active outdoor adventure traveler.

**Tenson AirPush™** is a lightweight microfibre technology focused on improving breathability, suitable for strenuous activities which require maximum comfort and breathability along with wind and water resistance. Made possible by the high density of the fabric (+30% higher than conventional fabrics).

Tenson  
Power  
Comfort™

**Tenson's Power Comfort™ Insulate** offers lightweight, voluminous insulation for cold-weather conditions. The featherless padding is designed to provide excellent breathability, moisture transport and movement.

# Waterproof. Windproof. Breathable. = MPC™.

We've got your back in terms of function and laminate! We've been on a quest to withstand wind and water since the early 1980s when we at Tenson launched our self-developed MPC (Moisture Permeability Coating) laminate that keeps you dry and comfortable.

Tenson's MPC technology: developed to withstand wind and water since the early 1980's keeping you dry and comfortable no matter what weather mother nature might throw at you.

The MPC laminate causes the rainwater to drain off the garment. At the same time, the condensation / moisture that comes from the body is transported into and through the garment. In other words, MPC allows the garment to "breathe" so it feels comfortable to wear even during demanding activity. Our MPC garments also are taped at seams to add additional wind- and waterproof protection.

Tenson MPC features three performance grades - MPC Extreme™, MPC Plus and MPC:

## SIZEGUIDE

### Men

	S	M	L	XL	XXL	3XL
1. Chest	92-96	98-102	104-108	110-114	116-120	124-128
